KARKLOOF SAFARI SPA

NATURE. STILLNESS. HEALING.

Hidden in the heart of the Karkloof Valley, our Safari Spa is where deep rest meets the wild. From the moment you arrive, you're wrapped in peace - lush green views, still air, the sound of water, and the kind of quiet you didn't know you needed.

Since 2008, we've been offering one-of-a-kind treatments led by highly trained therapists. The experience is slow, considered, and deeply nourishing — drawing on natural oils, ancient techniques, and a sensitivity to each guest's needs.

Our spa is intentionally designed to blend into the landscape. Think spacious treatment rooms, open decks with views of the bush, and a Roman bath that opens out into the trees. Wildlife often wander close — and you're welcome to wander too, from the sauna to the steam room, the reflection lounge to the hydrotherapy pools.
