A Landmark Venue in the Heart of Nature

The Homestead by Karkloof Safari Spa is a purpose-built private estate and a visionary project recently completed after many years, valued at nearly R60 million, thoughtfully positioned within a vast private reserve in the picturesque KZN Midlands.

Set high on a ridge amidst the treetops, positioned just above the rushing Umgeni River, with uninterrupted panoramic views stretching across valleys, wilderness, and open skies, The Homestead offers a setting that feels both expansive and deeply private. Surrounded by free-roaming wildlife and immersed in the sounds of nature, the property was designed with understated elegance and a sense of ease, creating spaces that feel as welcoming and memorable as the landscape itself. Places to truly connect, with self, with nature, and with others.

Refined yet unpretentious, The Homestead blends spacious and beautifully considered interiors, warm gathering spaces, and accommodation designed for comfort, connection, and a true sense of retreat amidst the surrounding embrace of wildlife and nature at its best.

The Homestead, an experience shaped by nature, space, and meaningful moments, making memories for a lifetime.

Our Philosophy

We provide the beautiful nature-rich canvas; you bring your event to life.

Our philosophy is simple: we provide the setting, the infrastructure, and the space, and you create your event your way. There are no forced caterers, no bundled suppliers, and no unnecessary mark-ups. You bring in your own team and pay only for what you truly value.

- Catering and waiters, bar and drinks

Important Venue Notes

The Homestead is located within a private wildlife reserve. While this offers a truly unique and immersive setting, guests should be aware of the following:

- Wildlife may be present within the reserve; movement is guided and safety protocols apply
- Certain areas are accessible only with guidance or by vehicle
- Natural terrain, weather and seasonal changes form part of the experience
- Sound levels are managed in respect of the environment and surrounding ecosystem

This setting is ideal for couples seeking a nature-rich, destination-style wedding experience.

Wedding Ceremony Site Options

A ceremony site within the reserve is included in every package.

At The Homestead, ceremony spaces are not fixed or prescribed. They are shaped by the landscape, the light, and your vision, ensuring the moment you say "I do" feels entirely your own. There is no traditional chapel within the reserve, because here the setting itself becomes the sanctuary. Beneath a canopy of trees, vows are exchanged with soft light filtering through the leaves and the quiet presence of nature all around.

INDOOR CEREMONY

For couples drawn to simplicity, the expansive, light-filled interiors retain a strong connection to the outdoors. A section of the main function space can be thoughtfully draped or styled at the grand windows, framing sweeping valley views for a dramatic yet intimate backdrop.

CUSTOM-CREATED STRUCTURES

There is the freedom to create something entirely your own: a curated tent, canopy, or architectural ceremony structure designed in collaboration with your planner, organic and understated or sculptural and defined.

WITHIN THE RESERVE

A selection of natural ceremony locations is available throughout the estate, from open grasslands and river outlooks to forested settings and panoramic viewpoints. Clients are welcome to appoint their own décor and floral teams to style and personalise the ceremony space.
